

PROPOSAL BY THE BOARD OF DIRECTORS TO AUTHORISE THE BOARD TO DECIDE ON THE REPURCHASE OF THE COMPANY'S OWN SHARES

The Board of Directors proposes to the Annual General Meeting that the Board of Directors be authorised to decide on the repurchase of the company's own shares.

The maximum number of own shares to be repurchased would be 20,000,000 shares, which corresponds to approximately 2.25 per cent of all the shares in the company. Only the unrestricted equity of the company could be used to repurchase own shares on the basis of the authorisation.

Own shares could be repurchased at a price formed in public trading on the date of the repurchase or otherwise at a price formed on the market.

The Board of Directors would decide how own shares will be repurchased. Own shares could be repurchased using, inter alia, derivatives. Own shares could be repurchased otherwise than in proportion to the shareholdings of the shareholders (directed repurchase).

Own shares could be repurchased to be used in connection with acquisitions, investments or other business transactions, or to be retained or cancelled. Own shares could not be repurchased for the purposes of the company's incentive and remuneration schemes.

The authorisation would cancel the authorisation resolved by the Annual General Meeting of 2017 to decide on the repurchase of the company's own shares, and it would be effective until the next Annual General Meeting and in any event no longer than for a period of 18 months.
